

Dear Intern/Employee,

We are pleased to welcome you to the onboarding process for joining our organization. This stage represents the beginning of your professional journey with us, where we emphasize integrity, growth, and collaboration. By engaging in this process, you are being extended an opportunity to become part of our team and contribute meaningfully to our shared vision and mission. We believe that each individual brings unique strengths, and we look forward to the value you will add to our community.

Upon completion of the onboarding process, you will be issued your original offer letter, which will formally confirm your role and employment details. This communication is intended to provide clarity and ensure alignment with our organizational standards and expectations. At this stage, we request you to record your response to this opportunity, enabling us to proceed with the next steps in a structured and timely manner.

We encourage you to approach this process with confidence and enthusiasm. Onboarding is not only about fulfilling formal requirements but also about familiarizing yourself with our culture, values, and the opportunities that lie ahead. Your participation will help us prepare the path forward, whether it is to welcome you into our team or to respectfully acknowledge your decision to pursue other endeavours.

Thank you for your time and consideration. We look forward to your response and to the possibility of working together.
